

FCNCL Report to PF Representative Body April 20, 2024
Vernie Davis, PF Representative to FCNCL

Current activities of FCNCL include:

1. Gathering Policy Priority recommendations for 2025-2026 from Monthly Meetings for our every two year discernment process of Policy Priorities to guide our work. If your Meeting has not submitted yours yet, we encourage your participation. These may be submitted to Sarahwhite27410@gmail.com by May 31.
2. Movie Screening and panel on “The Smell of Money” April 15 and April 22, 7:00 at the Chelsea Theater in Chapel Hill. This documentary presents the environmental and racial justice problems associated with hog waste lagoons from CAFOs (Concentrated Animal Feed Operations). After the film we are hosting a panel of how people can take action. Panelists will include a member of FCNCL Policy Committee and two persons working with organizations focused on Environmental Justice.
3. Advocacy Day in Raleigh Wednesday June 12. Our Advocacy Day in 2023 for Medicaid Expansion was a huge success in building relationships with our legislators. We are still in the planning stages of this year’s focus. Put the date on your calendars and stay tuned for more information.
4. As part of our Priority of Protecting Democracy, several of us in FCNCL are working with QCNC (Quaker Call North Carolina). There will be a separate report on this work.

Please share these with your respective Monthly Meetings.
